NIHR APPLIED RESEARCH COLLABORATIONS

NORTH EAST & NORTH CUMBRIA

1. Multimorbidity, Ageing and Frailty
2. Supporting Children and Families
3. Prevention, Early Intervention and Behaviour Change
4. Integrating Physical, Mental health and Social care
5. Inequalities and Marginalised Communities
6. Assistive Technologies and Data Linkage
7. Evaluating Change with Pace and Scale
8. Knowledge Mobilisation and Implementation Science

NORTH WEST COAST

1. Person Centred Complex Care
2. Improving Population Health
3. Equitable Place-Based Health and Care
4. Methodological Innovation, Development, Adaptation and Support (MIDAS)
5. Health and Care Across the Life Course
6. Care and Health Informatics

YORKSHIRE AND HUMBER

1. Older People with Frailty
2. Early Life and Prevention
3. Urgent and Emergency Care
4. Mental and Physical Multimorbidity
5. Health Economics, Evaluation, Equality
6. Improvement Science

GREATER MANCHESTER

1. Healthy Ageing
2. Digital Health
3. Mental Health
4. Organising Care
5. Evaluation
6. Implementation Science
7. Economic Sustainability

EAST MIDLANDS

1. Mental health and wellbeing
2. Managing multi-morbidity
3. Building community resilience and enabling independence
4. Data2health
5. Ethnicity and Health Inequalities
6. Translating and implementing sustainable service improvement

WEST MIDLANDS

1. Long Term Conditions
2. Acute Care Interfaces
3. Integrated Care in Youth Mental Health
4. Maternity
5. Cross-cutting: Organisational Science
6. Cross-cutting: Research Methodology, Informatics and Rapid Response

EAST OF ENGLAND

1. Ageing and Multi-Morbidity
2. Population Evidence and Data Science
3. Inclusive Involvement in Research for Practice-Led Health and Social Care
4. Health Economics and Prioritisation in Health and Social Care
5. Mental Health Over the Life Course
6. Palliative and End of Life Care
7. Prevention and Early Detection in Health and Social Care

WEST

1. Healthier Childhoods
2. Mental Health
3. Integrated and Optimal Care
4. Public Health and Prevention
5. Behavioural and Qualitative Science
6. Applied Data Science
7. Evidence
8. Health Economics

OXFORD AND THAMES VALLEY

1. Disease Prevention through Health Behaviour Change
2. Patient Self-Management
3. Mental Health across the Lifecourse
4. Community Health and Social Care Improvement
5. Applied Digital Health
6. Novel Methods to Aid and Evaluate Implementation

SOUTH WEST PENINSULA

1. Dementia
2. Mental Health
3. Public Health
4. Complex Care
5. Methods for Research and Improvement

NORTH THAMES

1. Mental Health: Tackling Social and Institutional Inequalities in Mental Health Systems
2. Multi-morbidity: Understanding Clusters and Evaluating Care
3. Population Health and Social Care
4. Innovation and Implementation Science
5. Health Economics and Data

WESSEX

1. Ageing and Dementia: supporting independent living for people with complex health needs
2. Healthy Communities: improving public health across the lifecourse
3. Long Term Conditions: integrating person centred approaches to optimise healthy living
4. Workforce & Health Systems: supporting health and social care by improving service delivery

KENT SURREY AND SUSSEX

1. Social care
2. Starting Well: Early detection and intervention of mental health problems in children and adolescent
3. Living well with dementia
4. Primary and community health services
5. Co-production
6. Public health
7. Digital innovation
8. Economics of health and social care

NORTHWEST LONDON

1. Child Population Health
2. Multimorbidity
3. Digital Health
4. Innovation and Evaluation
5. Information and Intelligence
6. Patient, Public, Community Engagement and Involvement
7. Collaborative Learning and Capacity Building

SOUTH LONDON

1. Alcohol
2. Applied informatics
3. Capacity building
4. Children and young people
5. Economics and biostatistics
6. Implementation research
7. Maternity and perinatal mental health
8. Palliative and end of life care
9. Patient and public involvement research
10. Public health and multimorbidities
11. Social care

Areas covered by two ARCS are indicated by stripes in both colours
